

Bring your own device to school

Choosing the right device for your child just got easier

Today's classrooms can be on campus, in the home, or anywhere in between. Students from kindergarten to year 12 are using technology to stay connected, engaged, and learning in more places.

As a parent, you don't have to be a technology expert to choose the right device for your child.

Many schools are choosing Bring Your Own Device (BYOD) programs to give parents better access to the education tools their child needs.

JB Hi-Fi Solutions works with schools to select the right range of tech to support the learning needs of their students. We provide access to a great range of specialised high-performance devices and accessories at discounted pricing for education.

All you have to do is go **online**, choose your device, and once you have placed your order we will deliver it to the location of your choice.

It's BYOD made easy!

The safety and wellbeing of our customers and staff is the priority of JB Hi Fi Solutions. We offer safe and contactless delivery options as part of our COVID-19 Response Plan.

How to use BYOD Online

To order your child's education device simply:

1. Go to jbeducation.com.au/byod
2. Enter your School BYOD Code:
3. Once logged in, select a student program.
4. Select your preferred delivery method.
5. Follow the prompts to choose your products, accessories and insurance. Enter your details to proceed.
6. Select a payment method and complete your order. **Please note that there are no fees on credit card purchases.**
7. If you have any questions, please contact us at jbeducation.com.au/byod or call 1300 730 548 or email byodsupport@jbhifi.com.au

Device selection made easy

Designed with busy parents in mind, our easy to use tool will streamline your journey to a refined selection of education-specific devices, suitable for your child's needs.
