

Signing into Adobe Creative cloud for BYO

1. Open up your browser and head to the site: creativecloud.adobe.com
2. Click on the "sign in" button at the top right

3. Enter your Department of Education email address (Staff use @det.nsw.edu.au, students use @education.nsw.gov.au) and then press continue

4. Select Company or School account

5. You will now be directed to the DoE portal page. Sign in as you normally would

Login with your DoE account

User ID

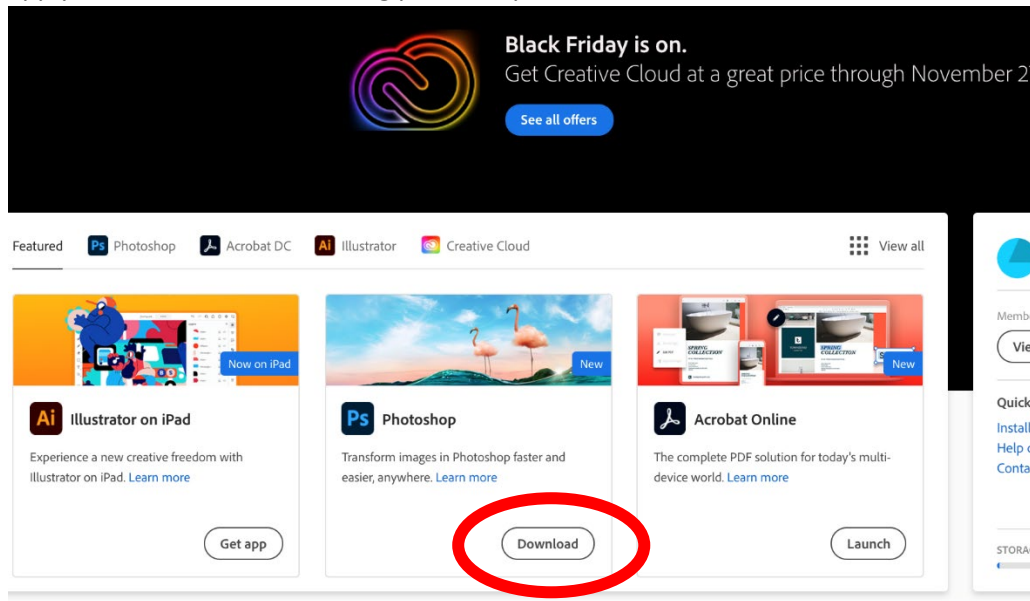

Example: jane.citizen1

Password

Log in

[Forgot your password?](#)

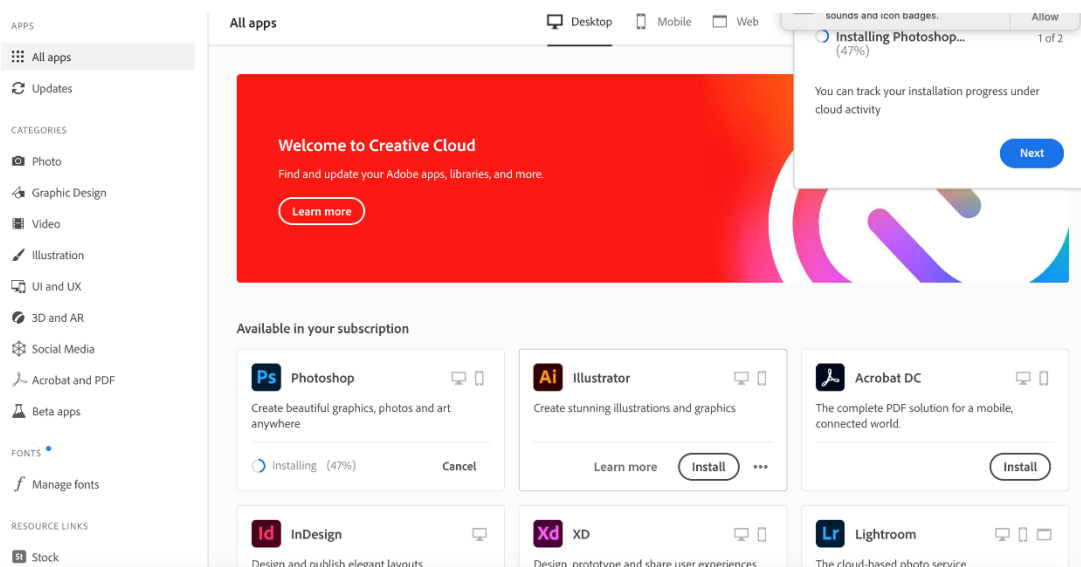

6. Once you have been redirected to the Adobe creative cloud site you should be successfully signed in using your DoE account. To start downloading apps select download on the first app you would like to install. E.g photoshop.

7. Once it has finished downloading run the setup application.

8. Follow the installation process. Once it has completed, the Adobe Creative Cloud app should open on your device and your app should begin installing. From the apps tab you can also install any other of the Adobe Creative cloud apps that you need.

If the Apps page shows an error similar to below

You may need to sign out of the creative cloud app and sign back in.
