## From the principal's desk:

It is hard to believe that this is already Week 5 of the term. We are half way through third term. It means that this is the final term of school for our Year 12 students who are now back in class after their Trial HSC examinations. They will gradually get their results back over the next couple of weeks. It is important to note that even if Year 12 are not happy with their results there is still plenty of time to make a real difference to their final outcome. A solid study timetable and working with a small study group to share ideas and approaches is recommended at this time. If students are unsure of any aspects to their courses now is the time to speak to their teachers and make sure they understand everything including the set out of the exam papers.

Uniform is an issue again given the cold snap we have experienced. Scarves must be either olive green or plain black. Overcoats must be black wool, reaching towards the knee with no hood;

## UBS Finance and Innovation Academy 2019

The UBS Finance and Innovation Academy of 2019 was an unforgettable and inspiring experience. Spanning a total of four days, with each daily schedule imploding with creative activities and insightful presentations, the course offered us the opportunity of a lifetime to gain a deeper understanding into the ever-changing world of finance, especially that of investment banking.

An overview of the various skills gained from this experience include:

- The ability to present an innovative elevator pitch that captivates the audience
- An expansion of our presentation skills, with a particular emphasis on collaboration and unique problem solving strategies
- A deeper understanding of ourselves and the personality types of those around us, through the completion of the Myers-Briggs Test, which highlighted the benefits of playing to your strengths and improving your weaknesses
- Networking, a key skill in the workplace involving interactions with highly experienced individuals and creating countless opportunities, a world that was introduced to us through the cadet panel and the canape function
- A profound appreciation and an in-depth insight into both the financial and legal industries, enabled through presentations from a range of successful businesses (such as PayPal, Afterpay and Caltex) as well as the Baker and McKenzie Panel
- Forming new friendships through fun activities such as watching the film *2040*, visiting the Art Gallery of NSW with an exclusive tour of the Archibald Prize exhibit, completing scavenger hunts as part of a team and last, but not least, competing in late night rounds of endless card games.

Occurring in the July school holidays, this incredible opportunity to attend the Academy was truly a rewarding and engaging experience, presenting us with an insight into the sphere of financial services as well as instilling within us the desire to participate in challenging and innovative processes. This expansion of our knowledge was facilitated through meaningful presentations and engrossing tours, such as the tour of the UBS trading floor that was eagerly hosted by a group of cadets. Furthermore, we understood what it was like to work at UBS, hearing the experiences of various employees during the largely anticipated canape function.

Moreover, we were presented with a number of opportunities to facilitate a greater understanding of ourselves and those around us, through the Myers Briggs Personality Indicator test and a range of team building exercises. These were designed to place us into groups, fostering the theme of collaboration that was present throughout the four days.

A prime example of such an activity was the Future Thinkers- Design Thinking session where we worked collaboratively with mentors from UBS staff to come up with artful solutions to contemporary issues as well as a session at the Tank Stream Labs, where we were to pitch our own ideas for a small business.

Finally, on behalf of the UBS Finance and Innovation Academy, we would like to thank all those involved in making this experience memorable including those at UBS, especially Sharon and Allan, for organising the events, as well as Ms Craft, Mr Humphreys and Dr Bathgate, for translating this offer into reality. We highly recommend this experience for anyone with an interest in the field of finance, it is a decision that you will never regret.

## The School Opal card

The School Opal card gives eligible students free or discounted travel between home and school using metro, train, bus, ferry and light rail services you nominate in your application.

### Who can apply?

To be eligible for a School Opal card, students may need to live a minimum distance from their school:

#### Years K-2 (Infants)

There is no minimum distance.

#### Years 3-6 (Primary)

More than 1.6km straight line distance or at least 2.3km walking.

#### Years 7-12 (Secondary)

More than 2.0km straight line distance or at least 2.9km walking.

If you live too close to be eligible for free travel, you may still qualify for a School Term Bus Pass, which offers travel on buses between home and school at a discounted rate for the whole school term.

### Who needs to apply

A new application is only required if the student has not had a School Opal card before.

If the student already has a School Opal card and is changing schools, campuses or home address, you will need to update their Opal card for the new school year before mid-December at [apps.transport.nsw.gov.au/ssts](https://apps.transport.nsw.gov.au/ssts)

### How to apply

Applications for next year open at the start of Term 4 this year.

#### Step 1

Once the new school has confirmed your child's enrolment, complete the application at [apps.transport.nsw.gov.au/ssts](https://apps.transport.nsw.gov.au/ssts)

#### Step 2

The school endorses your application.

#### Step 3

Once Transport for NSW has approved the application, a School Opal card will be sent to the address provided on the application.

A parent or guardian must apply for students 15 years and under. Students 16 years and over can apply for themselves.

### Better together

The School Opal card is only for travel to and from school. So it's a good idea to get a Child/Youth Opal card for travel after hours, on weekends or during school holidays.

#### Child/Youth Opal card benefits

- Concession fares across the Opal network
- Half-price travel after eight paid journeys each week\*
- \$1 transfer discount for every transfer between modes (metro/train, ferry, bus or light rail) as part of one journey within 60 minutes from the last tap off†
- Set auto top up and link it to your credit or debit card so there's always enough value on the card to travel.

Find out more at [transportnsw.info/opal](https://transportnsw.info/opal) or pick one up from an Opal retailer. To find a retailer in your area visit [transportnsw.info/opal-retailers](https://transportnsw.info/opal-retailers)

Secondary students aged 16 and over can travel with a Child/Youth Opal card when carrying a NSW ACT Senior Secondary Student Concession Card, available from school offices.

\* Excluding Sydney Airport station access fee.

† The Opal Transfer Discount doesn't apply when transferring between light rail and Sydney Ferries.

#### Privacy

For information on how we handle personal information please refer to the Opal Privacy Policy at [transportnsw.info/tickets-opal/opal-privacy-policy](https://transportnsw.info/tickets-opal/opal-privacy-policy) and the School Pass Terms at [apps.transportnsw.gov.au/terms-and-conditions](https://apps.transportnsw.gov.au/terms-and-conditions)
