From the principal's desk:

Our assembly today was quite amusing with Year 12 attending for the last time. They managed to fit into their old primary school uniforms which were somewhat stretched for some students. They also sat where Year 7 normally sit and managed to sing the second verse of Advance Australia Fair which was quite impressive. Tomorrow Year 12 will go on their picnic to Bobbin Head. On Wednesday they have chosen to come to school in their pyjamas. I am not sure what members of the public will make of this. On Thursday there will be a rehearsal for their graduation assembly followed by a netball game and a softball game against the staff. Friday, of course, will be the graduation assembly in the gym. It is sure to be a bitter-sweet day with lots of emotion. Thank you in advance to the P&C who are catering for the morning tea on Friday.

Baulko News

FROM THE MATHEMATICS DEPARTMENT

I recently had the pleasure of attending the UNSW 58th Annual School Mathematics Competition award ceremony in which a number of Baulkham Hills High School students were recognised for their outstanding achievements.

In the Senior division, I am pleased to announce that James Bang (Year 12) was awarded first prize (along with \$250). Max Sun (Year 11) was awarded a high distinction (and \$100). Other certificate winners were Nirooshan Athithan (Year 11), Bing Rong Jiang (Year 11) and Patrick Kim (Year 11) who all received a credit.

In the Junior division, congratulations to Frank Zhang (Year 10) who achieved a high distinction (and \$100). Distinctions (and \$50) were awarded to Robinson Tong (Year 9) and Lior Yoffe (Year 10), while Kaelan Nah (Year 9), Sid Malhotra (Year 10), Janiru Liyanage (Year 9) and Anthony Han (Year 10) all received credits. Congratulations to all these students and a special thank you to former Baulkham Hills HS student, Andy Tran, who has taught and mentored a number of these students at 7:30am each week to not only train them in preparation for these competitions, but also inspire them in their love of Mathematics.

But wait, there's more...

I received an email recently from the Australian Mathematics Trust informing me that two of our students, James Bang (Year 12) and Frank Zhang (Year 10) will be awarded medals in this year's Australian Mathematics Competition. The medal ceremony will be held in Government House in Melbourne on Thursday, 24th October.

Congratulations to all these students on your outstanding achievement. We are so very proud of your efforts.

HSC Body of Work Exhibition

The artworks of the 2019 HSC Body of Work Exhibition amazed and delighted students, parents and teachers with their aesthetic beauty, technical prowess and sophisticated concepts. Below are a few photographs of the successful event.

Drama

This term Year 9 Drama had been busily preparing for their puppetry performance which required the students to utilise their research of puppetry across time and differing cultures to create their own script. The students created a myth that represented our contemporary context drawing on the well-made play structure and their knowledge of Dramatic Elements. The students utilised the all-purpose built puppet stage and dramatic lighting to enhance their performance. Students created a range of different puppets including rod puppets, shadow puppets and sock puppets for their character portrayals. The students demonstrated excellent sewing and craft skills to produce interesting and quirky characters. The myths and moral messages embedded in their performances were thoughtful and reflective of contemporary concerns. It was a fantastic opportunity to see some of the students who enjoy art combine this interest with performance.

Year 10 Drama

In Yr10 Drama, students have been studying elements of production and design in theatre. They read a number of plays before creating a directorial vision for the plays. The class also looked at set and costume design and promotions and marketing materials. This culminated in a pitch presentation where each student presented their directorial vision for their chosen play and a design aspect to illustrate this vision. The work was of a high standard and the class should all be proud of their efforts.

Photos in order are

Abhiniti Negi with her costume design, Diya Goswami with her poster and program, Justina Devaranjith with her costume design and Siyu Yan with her poster.

Music

Year 9 elective class have been studying Jazz this term. They are currently composing a piece of jazz music as their final assessment of the topic.

Year 10 elective music students, rehearsing their ensemble piece for the Film Music topic.

Year 8 choir rehearsed throughout Term 3 and performed to the Year 12 students during a lunchtime University lecture with Ms Hardy.

BHHSACU 'Timber Wolf' Camp 2019

From Friday, 23 August to Sunday, 25 August 2019, the BHHSACU went on their first camp of the year. Code-named '**Timber Wolf**' at Baden-Powell Scout Camp in Pennant Hills.

The first day was the shortest. It was dark when we arrived on-site. All the cadets and ACS were there on time. All I saw was a crowd of camouflage, huddling together in groups so that they all could be in the same cabin. We were given a quick orientation and then were sent to our rooms. Before lights out, we entertained ourselves or watched a movie before the real work began on Saturday morning. Time flies when you are having fun, and that I can't deny. We were all so excited for the next day that we barely slept.

We promptly woke ourselves in the early morning, had breakfast and then went to our lessons in preparation for the weekend. We were taught the basic skills of the bush; navigation, routine and how to effectively manage the location and safety of a platoon via radio. We were then shown how to efficiently make a fire in wet scenarios. We then applied all our skills in a game of capture the flag. In a forest..... **fun!** Our stealth skills were put to the test in a game of red light green light. You first had to crawl **silently** past some 'guards' before crawling across a field to get to the final objective. In the night, yes NIGHT, we played hide and seek. All the higher ranked cadets were hiding in the forest, using all their skills of camouflage, light and shape to stay hidden. We were tasked with the almost impossible task to find them without any light. In one round, a cadet was camouflaged, trying to look like a log. He was then trampled by a section who wasn't paying attention. This night, we actually slept faster, not to mention like a 'log'.

Next morning, we were up early again, with no regrets of missing out on sleeping in on a Sunday morning. A small handful of students were called to a makeup room. They then **'attained'** many VERY realistic looking bruises, fractures and burns. They then hid among the bush and we had to find them, **treat** them and send for help via radio. We used compasses to navigate around the bush in a **'treasure hunt'**. During those moments, I truly realised how crucial these exercises and camps are, to develop and attain all those skills it takes to be an efficient cadet. Alas, it was time to head home, what a weekend we had!

I would like to thank all the NCOs and ACS for taking the time to attend and organise a very memorable camp. Overall, it was a great and memorable camp, so I can't wait for the longer camp that goes for 5 days in November.
